

# Make Your Own Rainbow Peacock

This peacock is part of the natural history collection at Ipswich Museum.

Peacocks are best known for their amazing eye-spotted tail feathers or train.

They proudly spread their feathers and create a beautiful rainbow of colour to attract a mate.

Why not decorate the peacock's plumage. You could use...

- colouring pencils
- colouring pens
- paint
- coloured paper
- pictures from magazines
- fabric
- glitter
- dried flowers

Make it as bright and colourful as possible!

You may wish to create a rainbow to show your support for NHS workers.

Display your finished peacock in your window and send us a photo, tagging Colchester Museums or Ipswich Museums!
